Experience The Maintainer Advantage

DUALOCK™ ALUMINUM DRAWERS

by *Maintainer*

ONE CLICK unlocks the closed drawer...

ONE CLICK locks the drawer open!

NO PAINT! NO RUST!

All drawers are hemmed and constructed of lightweight, high-strength aluminum. Aluminum's impact resistance is similar to that of steel but offers better corrosion and fatigue resistance and the attractive appearance of aluminum requires no painting.

STANDARD SETS ARE ALWAYS IN STOCK!

- Drawer heights from 3" to 12" (open space on any drawer over 7")
- Drawer widths from 13" to 48"
- Standard drawer depth is 16"

**OR...We Can Build Custom
Drawers To Fit Your Body!**

INSTALL DUALOCK™ IN YOUR:

- Mechanics Trucks
- Emergency Vehicles
- Service Vans
- Mobile Workshop

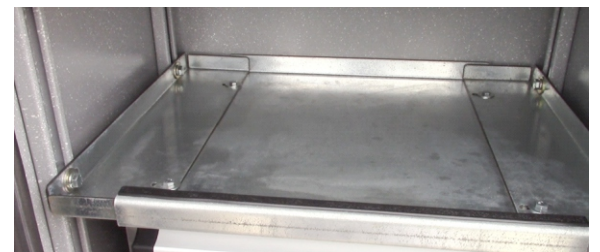

SINGLE ACTION LATCH ASSEMBLY

Provides single-hand operation and locks the drawer in both the closed AND open positions, eliminating unwanted drawer closures when parked on uneven ground!

INSTALLATION IS EASY...

Removable dividers make the space fit your needs.

Standard telescoping aluminum top shelf can expand your workspace up to 4-3/4" on each side
